

REQUEST FOR INFORMATION (RFI): REF NO. COR6734/2021/RFI

REQUEST FOR INFORMATION FOR FUEL GAS SUPPLY TO ACSA TRIGENERATION PLANTS AT O R TAMBO INTERNATIONAL AIRPORT, CAPE TOWN INTERNATIONAL AIRPORT AND KING SHAKA INTERNATIONAL AIRPORT

QUESTIONS and ANSWERS

No.	QUESTION	ACSA RESPONSE
1	Is the preliminary pricing to be submitted with the bid for indication purposes or will it be a binding offer to be in place when supply commences?	<i>The requested pricing will be used to test the viability and business case of the fuel gas trigeneration plants. The prices are for indicative budgeting purposes and not for bidding purposes. This is a Request for Information.</i>
2	Will ACSA cover for LNG storage facilities at ORTIA and KSIA as there is no mention of this in the tender information?	<i>The initial preference is for these 2 facilities to utilise piped gas. However, based on project economics, stored LNG will be considered. The cost of storage should be incorporated in the gas supplier's pricing as ACSA will not cover costs for the storage facilities.</i>
3	Is there any investment expectation from the supplier for any of the sites?	<i>There is no investment expectation from the supplier other than the cost of storage facilities, where applicable.</i>
4	What safety stock levels will be required for the tenure of the contract at ORTIA and KSIA?	<i>Gas suppliers should decide what stock levels are required to ensure that the Trigeneration Plants can operate 24/7/365.</i>
5	Are ORTIA and KSIA linked to a gas network?	<i>The two airports are not currently linked to any gas network. However, there are gas pipelines in close proximity to the airports.</i> <ul style="list-style-type: none"> • <i>The Transnet's Lilly Gas Line runs close to KSIA</i> • <i>There is an existing Gauteng transmission and distribution network for natural gas that runs in close proximity to ORTIA.</i>
6	Is there any likelihood that the deadline for submission could be extended? An extension would assist in getting a full comprehensive offer close to what can be expected when supply commences.	<i>Unfortunately, the RFI Submission Closing Date and Time cannot be extended.</i>
7	Is there any likelihood to extend the closing date for queries beyond the 29th September 2021?	<i>Unfortunately the Query closing date cannot be extended.</i>
