

## NEWS RELEASE

### LANE CLOSURE ON M65 AS KING SHAKA INTERNATIONAL AIRPORT UPGRADES EMERGENCY ACCESS ROADS

**Durban, January 2020** - To assist emergency vehicles in accessing runways, King Shaka International Airport is upgrading an emergency road connecting the left-hand lane of the M65 (eastbound). The lane will be closed from 03 February 2020 to 28 February 2020 from 08:00am to 16:00pm Monday to Friday.

As the road will still be open, road users can expect minimal traffic delays due to the M65 lane closure.

Temporary signs will be used to alert drivers and to direct traffic with advance warnings of the lane closure starting at 600m ahead of the closed section.

Motorists are advised that the following alternative routes can be used:

- **Northbound traffic:** From the airport precinct proceed north on International Trade Avenue and then east on Watson Highway to the N2 freeway.
- **Southbound traffic:** From airport precinct proceed west on M65, then south on R102 / M41 to N2 freeway – The Temporary Lane Closure will still facilitate vehicles to proceed in an easterly direction toward the N2.

King Shaka International Airport apologises for the inconvenience.
